INTRODUCTION

INTRODUCTION

At some Brazilian Computer Science event (I think it was at SbSeg '12) I saw that many computer science students at Brazil accustom to present their slides with a graphic style provided by their program (Very cool IMHO).

However the information systems program at URL (**http://www.url.edu.gt**) didn't have its own style. Hence, based on a previous template created for my master's degree I did this small adaptation.

INTRODUCTION

At this time this template has as contribution the ussage of URL logo and website colors conveniently retrieved from main website css.
